MEMORANDUM FOR : Deputy Director (Plans)
SUBJECT : Program Approval for CORONA program

1. Administrative Memorandum No. 115 authorizes the Contracting Officer to sign contractual documents provided the amount, source and purpose of the document appears in an appropriate program approval.

2. As you are aware, the GUSTO approval has been revised and returned to you. In addition, we have assisted [REDACTED] in preparing this Program Approval for the CORONA program.

3. It is believed that present funding will be adequate to carry this program with the following exceptions:

(a) An estimated [REDACTED] of FY 1960 funds required to cover film processing under FO-660 next fiscal year. This cannot be FY 1959 funds since the processing contract is on a fiscal year basis.

(b) Additional work and/or overruns which [REDACTED] is investigating at this time on the West Coast. His best estimate was [REDACTED] of either FY 1959 or FY 1960 funds depending on availability.

4. If you have any questions concerning the funding analysis sheet or Program Approval during [REDACTED] absence, I would be glad to try to answer them.
